**Subject:** FW: FOBs Daily Summary Report 9/19/17

All: Below is a summary of the 7 EPA observers in Alpha and Bravo for 9/19/17. The Summary below consists of the total number of sites observed and the conclusions from the observations.

**Total Number of Sites Observed 9/19/17 By the 7 EPA Observers at Alpha and Bravo– 29**

**Conclusions of the Observations**

All observers noted that TCEQ is following their debris/landfill observation process and that TCEQ is having sites address any issues to their satisfaction. This includes conducting follow up observations.
